# COMING SOON...

A FASTER WAY TO FIND YOUR NEW FAVORITE

In mid-August, InfoSoup will be switching to a new software platform to run and manage the library Catalog and all the behind the scenes transactions that make sharing library resources across the region possible. This is just the first step in our plan to update and improve InfoSoup to create the best experience we can offer for current users and new cardholders alike!

A mobile friendly approach that lets patrons and staff access the catalog anywhere, anytime

Beautiful design meets powerful functionality to deliver an ideal user experience

Grouped results help you find the edition or format you are looking for faster
